

# How to Play Jeopardy Bingo

1. Print out the next three pages in this document and cut each page along the lines (each page contains 9 squares) so you have a total of 27 squares. These are your bingo call out cards similar to the ping pong balls with numbers printed on them in bingo. Place these 27 cut up squares in a bowl or bag so you can randomly draw a square when you are playing.
2. Print out bingo cards (document called Fall Sale Bingo Cards for Troops). Print a few or as many as you need.
3. Now it is time to play! Give every one who is going to play a bingo card and something to mark the card like a fun color crayon. Place the 27 bingo squares in a bag or bowl and randomly draw a square. Read the question off the bingo card and everyone playing will look for a picture on their bingo card that matches the question. This should be easy if they have been trained on the Fall Sale basics. When someone playing gets 5 pictures in a row they should yell BINGO! If all their answers are correct present them with either a small prize or enter their name into a final drawing for a big prize!
4. Have fun!!!

What is a kick-off event where our Girl Scouts can learn about the Fall Sale theme, win door prizes, and get excited about the Fall Sale?
