

Home Health and Safety

Purpose: To learn and practice safety measures that will protect you and your family.

When you complete a requirement, have leader initial and date it.

1. With an adult in your family, label clearly and arrange neatly the contents of your medicine chest. OR Know and follow proper procedures for use and storage of flammable or poisonous liquids and powders, matches, and medicines found in your home.

2. Learn and practice the safe use of three things commonly used for each of the following: Cooking. House cleaning. Repairing. Playing. OR Select three different kinds of rooms and discuss with others what should be done in each to help keep the family safe and healthy.

3. List five common causes of fire in the home and steps for fire prevention. With your family, plan what you will do if there is a fire in your home.

4. Plan a diorama, peepshow, poster, or skit on home health and safety. OR Make and carry out a health and safety plan for your troop meeting place.

5. Using what you have learned, survey your home, yard, or farm and list any unsafe conditions. With the help of your family, correct as many as you can.
