

Girl Scouts North Carolina Coastal Pines invites girls, families, and volunteers to stay involved while at home. We know that today's girl is ready to pivot on a moments notice and is willing to embrace new ways to explore Girl Scouting. That's why we're promoting these options for engaging with us while you're at home today ... or any day!

STEM encourages Girl Scouts to look at the world around them with inquisitive eyes, experiment, push boundaries and learn as they go! Each Friday check out our activities, stories, and videos aimed at helping girls become better problem-solvers, critical thinkers, and inspirational leaders. Join the conversation online. **#OurGSNCCPCommunity**

Cybersecurity Badge Series

Girl Scouts of all levels can earn three badges designed to teach them about online safety in our increasingly connected online world. Created in partnership with the experts at Palo Alto networks, Girl Scout Cybersecurity badges can be completed “unplugged” - this is a great way to use materials your family already has at home to learn about coding, networks, cybercrime and safety!

Palo Alto Networks offers an online [Kids in Cybersecurity Hub](#) with videos, games, and quizzes—this resources is a great fit for younger girls (older Girl Scouts might be surprised at what they learn too)!
