# About Girl Scouts

We're Girl Scouts and we believe in the power of every girl. Founded in 1912, Girl Scouts of the USA is the preeminent leadership development organization for girls. Girl Scouts is 2.5 million strong – 1.7 million girls and 750,000 adults who believe girls can change the world. It began over 100 years ago with one woman, Juliette Gordon “Daisy” Low, who believed in the power of every girl. Today, Girl Scouts continue her vision of building girls of courage, confidence, and character who make the world a better place by helping them discover their inner strengths, passions, and talents.

Girl Scouts bring their dreams to life and work together to build a better world. Through programs from coast to coast, Girl Scouts of all backgrounds and abilities can be unapologetically themselves as they discover their strengths and rise to meet new challenges—whether they want to climb to the top of a tree or the top of their class, lace up their boots for a hike or advocate for climate justice, or make their first best friends. Backed by trusted adult volunteers, mentors, and millions of alums, Girl Scouts lead the way as they find their voices and make changes that affect the issues most important to them.

## 3 Keys to Leadership

We are a girl-led, all girl organization focused on three core “keys” to leadership: Discover, Connect, Take Action. Through these three keys, Girl Scouts will:

- **Discover** their special skills and talents, find the confidence to set challenging goals from themselves, and strive to live by their values. This includes being proud of where they came from as well as where they're going.
- **Connect** which means girls will learn how to team up, solve conflicts, and have healthy relationships. These skills help them for any career they choose in the future.
- **Take Action** to make the world a better place, and learn a lot about their community and the world along the way.

Our goal is to create a society in which every girl has the opportunity to achieve her leadership potential.

# What is a Juliette?

Juliettes are Girl Scouts who participate as individually registered members instead of with a troop. As a Girl Scout Juliette, she'll participate in all the fun and amazing badges, Journeys and activities, but on her own schedule. Kindergarten through 12th grade girls can be a Girl Scout Juliette!

## Girl Scout Grade Levels

As a Girl Scout, there are lots of ways to have fun, make friends and do things that have a positive impact on her life, her school, and her community. At every Girl Scout grade level, girls have fun while making the world a better place.

- 🌸 Girl Scout Daisy Grades K-1

# Leading Your Juliette

Girl Scout Juliettes is a girl-led, family driven Girl Scout experience. As a parent/caregiver of a Juliette, you and your Girl Scout will be partners, shaping and sharing in the fun of the Girl Scout Leadership Experience. A mentor you respect and trust could also serve as her Girl Scout Juliette advisor.

As her guide/mentor, you:

- Register as an adult volunteer and complete the required background check
- Support your Juliette's commitment to Girl Scouting
- Help your Juliette choose the badges and Journeys that interest her
  - See page 7 for [the tools you need](#) to do this
- Retain signed annual health history and permission form for your Juliette to participate in Product Programs, events, camp, and other activities
- Review council programs and camps, helping her pick the activities she wants to participate in and planning how she will fund her participation
- Help your Juliette participate in Product Programs by submitting the required forms, completing your training, fulfilling program requirements, and following safety guidelines
- You are welcome to take training to support your Girl Scout Juliette, but it is not required. As her Girl Scout guide, you may find it helpful to participate in the leadership training for her Girl Scout level. All of our trainings are offered online or in-person and can be found on the Activities List.

# Digital Tools & Resources

## What Else Can I do in [My GS](#)?

As a Juliette parent/caregiver, you have the same access to tools and resources that troop leaders do, such as the Volunteer Toolkit. The Volunteer Toolkit is your official source for planning easy, fun activities year-round. This fully customizable digital planning tool is accessible on any computer, tablet, or mobile device and provides you with Girl Scout program content, award requirements, and other resources.

## gsLearn

Girl Scouts' online training forum hosts a wealth of training tutorials like working with various ages levels, working with the badges information, personal and professional development, additional resources and much more! It is home to Girl Scout trainings you can take at your own pace and on your own schedule for learning and personal enrichment. Only registered adults have access to gsLearn by signing into their My GS account.

To access your Volunteer Toolkit, go to [www.nccoastalpines.org](http://www.nccoastalpines.org) and select My GS then Volunteer Toolkit. The Volunteer Toolkit is primarily a troop management tool, but you will be able to use it in the same way that any parent/caregiver of a girl in a troop would. Below is an explanation of the things you will find in your Volunteer Toolkit:

- **My Troop:** this tab should only display the contact information for your Juliette.
- **Explore:** this tab will allow you to set up your initial plan for the year. Choose from one of the popular pre-selected tracks or select Custom to build your own. Once you have chosen an option, you can reset it in the future, but you will lose any changes that you have made to the existing plan.
- **Year Plan:** this tab allows you to manage attendance and achievements and maintain a calendar of your Girl Scout Juliette's achievements for the year. If you record her achievements through the year plan, then you can download a list of everything that she's earned when you're ready to shop for the badges.
- **Meeting Plan:** this tab coincides with the Year Plan tab and is designed to give specific information about individual entries on the Year Plan. Each Meeting Plan gives you everything that you need to guide your Juliette through earning each badge or Journey.
- **Resources:** this tab is a wealth of information on all things Girl Scouts. There are nine hubs based on topics such as Family, Safety, Travel, Cookie Program, etc. In addition, the colored tabs across the top correspond to all the program grade levels. By selecting one of these tabs, you can find additional information that pertains directly to that grade level including a link to GSUSA's Badge Explorer, a Uniform Placement guide that shows where to put badges, patches, and other insignia, and information about various awards that girls can earn at different grade levels (i.e. Leader in Action and the Girl Scout Bronze, Silver, and Gold Awards).

To see tutorial videos of the Volunteer Toolkit, please visit [our website](#).

# What Can a Juliette Do?

Now that your girl is a registered Girl Scout Juliette, it's time to participate in the national Girl Scout Leadership Experience. Your girl will discover, connect, and take action through learning experiences in areas Girl Scouts believe will contribute most strongly to developing tomorrow's leaders—STEM (science, technology, engineering and math), outdoors, life skills and entrepreneurship. Read on to find everything that you need to get started!

## Girl Scout Program Material

Our retail staff is happy to assist you and your Juliette with the selection of program material for a great Girl Scout year! Girl Scout program material is available for your Juliette in our council retail shops and online, as well as in the Volunteer Toolkit. To get an idea of the badges that your girl might enjoy and the basic steps involved, visit GSUSA's [Badge Explorer](#), where you can search available badges by grade level and/or topic. Then jump over to your Volunteer Toolkit in your My GS where you can view badges and Journeys in detail.

- The Girl Scout Handbook contains level-specific information, the Girl Scout Promise and Law, and a section for uniform information and badge placement.
- Badge activity pamphlets are available for all badges and detail the badge requirements that Girl Scouts complete.
- Journey books and badges are also available for each level.
- In addition to the national skill-building badges that a girl can earn to wear on the front of her uniform, there are also various fun patches that can be earned to wear on the back. For a listing of the patch programs available through our council, please visit the [Patches and Kits](#) page on our website.
- Other councils may offer different fun patch programs and you are welcome to download the requirements and complete them, then order the patch by mail or by phone through that council. You may want to call the other council's shop before you start work on the patch to be sure that the patch is still available.

# gsEvents

As Girl Scout Juliette, your girl (along with an adult chaperone) can attend council-sponsored activities listed on the Activities page in your My GS account. Additional family members will be welcomed at any activities that are marked as 'family friendly'.

When you click on an activity name, the description will tell you what type of registration is accepted for that activity. Most of our activities will say Individual or Individual/Troop. Very few are listed as Troop Registration only; in those cases, you can usually find a similar activity that accepts Individual or Individual/Troop registrations.

[Click here to view and register for activities](#)

# Product Program

The Fall Product Program (a nuts, candy, and magazine sale) and the Girl Scout Cookie Program are part of the Entrepreneurship pillar of the Girl Scout program. Girls learn financial literacy and entrepreneurship skills through both programs. These programs are designed to help girls grow in courage, confidence, and character while learning five valuable life skills: goal setting, decision making, money management, people skills, and business ethics.

- In both programs, girls earn recognitions and credits that can be used in the Girl Scout Shop or for Girl Scout events or camps.
- Juliettes have the option to “buddy” with a Girl Scout troop to participate in the Product Program but can also participate without a troop.
- When you “buddy” with a troop, you have the benefit of working with the troop’s Fall Product Program Coordinator or Troop Cookie Program Coordinator but you will also be subject to the troop guidelines and deadlines and proceeds stay with the troop. Participating individually may require a little extra effort on your part but may also give you more flexibility.
- To participate in the Fall Product Program or the Cookie Program as a Juliette, please contact our Product Sales department at [productsales@nccoastalpines.org](mailto:productsales@nccoastalpines.org) or 800-284-4475.

## Destinations for Older Girls

Destinations are travel experiences offered through GSUSA for Girl Scout Cadettes, Seniors and Ambassadors that run from two days to three weeks. Girls can travel with other Girl Scouts from around the world to various locations across the country and abroad. Scholarships for Destinations may be available through Girl Scouts- North Carolina Coastal Pines and/or the host site.

## Community Service

Community service is an integral part of being a Girl Scout, providing girls with an opportunity to practice teamwork, build critical-thinking skills and empower them to make changes in their community. Sharing their time and resources helps girls increase their self-esteem and civic responsibility. Through participating in programs like Journey Take Action projects or by earning a Girl Scout Bronze, Silver or Gold Award, girls are making a difference each day.

# Highest Awards

Every Girl Scout goes above and beyond to make a difference in her community and the greater world. The skills and experiences she gains along the way set her up for special recognition through the Girl Scout Bronze, Silver and Gold Awards.

Girls in grades 4 and higher have the opportunity to earn the highest award for their grade level which represents a commitment to service and taking action to make the world a better place.

The Girl Scout Bronze Award (earned in grades 4 or 5) is the highest honor a Girl Scout Junior can achieve, recognizing that a Junior has developed the leadership and planning skills to follow through with a project while making a positive difference in her community.

The Girl Scout Silver Award (earned in grades 6, 7, or 8) is the highest award a Girl Scout Cadette can earn—gives her the chance to do big things and make the community better in the process. The Silver Award gives girls the opportunity to focus on a local issue they care about, build a team, and implement their Take Action project to better the lives of those around her and herself.

The Girl Scout Gold Award (earned in grades 9, 10, 11, or 12) is the highest award a Girl Scout can earn. Open only to girls in high school, the Girl Scout Gold Award is the most prestigious award in the world for girls—and it's only available to Girl Scouts. By the time a Girl Scout puts the final touches on her seven-step project, she'll have solved a community problem—not only in the short term, but for years into the future.

A girl can start with any of these awards. She does not have to earn one to earn another; however, pre-requisites may differ for the Silver or Gold Award depending on whether or not she's earned the Bronze or Silver Award.

To find more information about each of the highest awards, please visit [our website](#) or contact [girlawards@nccoastalpines.org](mailto:girlawards@nccoastalpines.org). You can also learn more by attending an awards workshop. These are not required (except for the Girl Scout Gold Award) but can be helpful in project planning and answering award questions. Visit the council [activities tab](#) to find the next available workshop.

# Build Your Juliette Year

In addition to badges, petals, activities and awards, because Girls Scouts is girl-led, she'll pick the topics that interest her most, whether it's caring for animals; taking a stand for girls; exploring science, technology, engineering, or math (STEM); helping others; spreading kindness; protecting the environment; or anything else important to her. She can choose the Journeys that interest her most and as she goes on her Journey, she'll earn awards to put on her uniform, letting others know about the awesome things she's done and taking pride in what she's accomplished and the amazing experiences she's had along the way.

Here are the Journey focuses that apply to each age level; learn more about each one by visiting GSUSA's badge explorer or your VTK:

## **It's Your Planet—Love It!**

Girls learn about environmental topics such as clean water and air, noise pollution, global warming, soil contamination, and agriculture. Each Journey is packed with current environmental information and offers ways to improve life for everyone on the planet through a Take Action project.

## **It's Your Story—Tell It!**

Girls get the opportunity to tell their stories through a range of creative approaches. Exploring important themes such as developing a strong sense of self, navigating healthy relationships, and promoting well-being and confidence in themselves and others get girls involved in discussions about thinking critically and ready to complete a Take Action project.

## **It's Your World—Change It!**

The It's Your World—Change It! Leadership Journey encourages girls of all ages to make the world a better place and make new friends along the way. Whether it's planting a garden, painting a mural, or launching a letter-writing campaign, Girl Scouts at every level experience unique leadership and advocacy challenges and discover what it means to be a leader who makes a difference in the world.

## **Engineering: Think Like an Engineer**

Girls discover how to think like an engineer by participating in hands-on design challenges and completing a Take Action project.
