

## Service Unit Survey

Service units are comprised of enthusiastic volunteers who provide support and guidance to adult members and fellow volunteers. Service units function as a team where volunteers tap into their strengths and talents to bring meaningful program activities and events as well as leadership opportunities to girls. Please take a moment and tell us about your interests, professional experiences, and/or community involvement. This information will help us best connect you with the activities, programs, and trainings we plan to accomplish in the coming year.
