

Girl Scouts North Carolina Coastal Pines invites girls, families, and volunteers to stay involved while at home. We know that today's girl is ready to pivot on a moment's notice and is willing to embrace new ways to explore Girl Scouting. That's why we're promoting these options for engaging with us while you're at home today ... or any day!

STEM encourages Girl Scouts to look at the world around them with inquisitive eyes, experiment, push boundaries and learn as they go! Each Friday check out our activities, stories, and videos aimed at helping girls become better problem-solvers, critical thinkers, and inspirational leaders. Join the conversation online. **#OurGSNCCPCommunity**

Celebrating STEM Heroes

Over the course of history, women have been making a difference in STEM fields—solving problems, developing innovations, and changing the world! It's important to recognize the work of these changemakers of yesterday and today by learning their stories and sharing them with others. The resources linked below highlight just a few of the amazing women who paved the way for women in STEM fields today—your challenge is to find a STEM Hero who inspires you and tell their story.

STEM Heroes Dress Up Challenge

What better way to represent your STEM Hero than in costume? Use your creativity and knowledge about your STEM Hero to create a look to share their story. When you share your costume with others in person and on the **#OurGSNCCPCommunity** tag, explain how different parts of your costume represent your STEM Hero.

[Ada Lovelace](#)

Ada was an English writer—and the world's first computer programmer!

[Grace Hopper](#)

A computer scientist and United States Navy officer, Grace was one of the first people to program modern computers.

[Katherine Johnson](#)

A math lover who went on to work as a research mathematician for NASA—she helped with the project that put the first American astronaut into orbit.

[Sally Ride](#)

The first American woman to fly in space!

[Women in STEM Playlist](#)

This handy-dandy playlist highlights women in STEM from many different fields, backgrounds, and time periods. You can use these resources as a launchpad to find a STEM Hero you want to learn more about.
