

Spring Thrive Book Club Reading List For Girl Scout Daisies

Below is the suggested reading list for Girl Scout Daisies. These books represent a diverse group of characters and themes.

By reading from the suggested book club reading list, we want our community of girls and their families to see themselves reflected in the books as well as have a chance to broaden and deepen their ability to empathize and identify with people from backgrounds which are different from their own.

Some families may consider the topics in these books sensitive in nature, so we want everyone to get started by completing the [Building Beyond Today Thrive Series and Fall Activity Waiver](#).

Capture Your Reading Experience!

We encourage you to take some time to reflect on the book(s) you've read by creatively capturing each book and completing the book club discussion questions.

To creatively capture the book(s) you've read, you may decide to draw a picture or paint a scene from the book. Or perhaps you'll write a poem or create a skit that tells how the book helped you understand diversity, equity or inclusion. Use this space below to make notes about the book(s) you read by jotting down ideas for your creative expression. Here's a look at the definition for each of those words in case they are new to you or you need a refresher.

Diversity: Having different types of people in a group, such as people of different races and cultures. Many schools in America are diverse and include students of different races and from different backgrounds and cultures. It's important to accept and respect people from different background in order to support diversity.

Equity: Fairness or justice in how people are treated. For example, providing children with disabilities accommodations at school so they can use their equal right to education.

Inclusion: Accepting or taking in others. The opposite of this is exclusion, which is when you don't allow or take in others.

Here are my ideas for creatively capturing the book(s) I read:

Book Club Discussion Questions

Reflection is the necessary debrief that reinforces what you have learned. As you explore the "whats" and "whys," you make meaningful connections between the activity at hand and future challenges that come your way. Use the book club discussion questions below to reflect on the book(s) you've read.

- This story reminds me of...
- What was your favorite/least favorite part of the book?
- Think about the main character(s) in the book. How is the character(s) similar to you and how is the character different? If this character was someone you had the chance to interact with, how would you honor and appreciate their differences?
- What is the message of the book?
- What feelings did you have when reading this story?
- Did you learn anything new from this book?
- Was this book a window allowing you to see others or a mirror in which you saw characters similar to yourself / your family. How?

Get the Patch

[Purchase this patch](#) after reading from the Fall or Spring Book Club Reading List. Girls should read at least one book from the suggested book club reading list. Remember the Thrive Book Series patch is meant to be worn with the Building Beyond Today advocacy patch (pictured at the top of this document), both patches can be purchased using this link or by emailing our retail shop at shop@nccoastalpines.org.

Digital Resources

If you are unable to check out a book from your local library in person, consider using one of these online resources for digital access to the books. Please note digital access may require either a library card or student identification card. Reach out to your local library with question regarding book checkout and digital resources.
